Arte Fakt

SOUVENIRS

Dear Sirs

We are a company from Gdańsk (Poland) specialised in manufacturing **unique souvenirs** dedicated to many cities in Poland and Europe (Czech Republic, Lithuania, Germany, Slovakia) since 2009. All of the models are handcrafted, starting with carving the prototypes of new designs, and ending with hand-painting of the models. What makes our miniatures particularly special is the exceptionally precise detailing of our models. Our souvenirs are made of natural materials and hand-paint with watercolours, what make our models high quality, entirely Polish products.

We would like to show You our new catalogue; a presentation of our full offer – more than **500 models** from more than **50 cities**. Part of designs have more than one type of colour - You can see all of the possibilities as the small icons under model's picture.

We invite You to contact with us and visit our website, Facebook and Instagram - all these links You can find on each page of the catalogue.

Best regards,

Team of Arte-Fakt Souvenirs
